ABOUT THE CLARIFICATION OF THE INVITATION

This text of the announcement is published in accordance with Article 29 of the RA Law "On Procurements".

The Central Bank of the Republic of Armenia presents below the questions and clarifications dated 11.03.2026 regarding the invitation to the procurement procedure with the code "CBA-2026-001" organized for the purpose of acquiring “A SYSTEM FOR AUTOMATING ML/FT AND SANCTIONS COMPLIANCE RISK ASSESSMENT AND MONITORING PROCESSES, AND FOR THE PROVISION OF SYSTEM TECHNICAL SUPPORT AND MAINTENANCE SERVICES FOR THE SYSTEM” for the needs of the Central Bank of the Republic of Armenia.

1. QUESTION FOR CLARIFICATION

It is requested to clarify whether the amount of 249,304,935 AMD is intended to cover the cost of efforts during the implementation period only. Page 19 of appendix 1 of the invitation states that that amount applies “for the implementation period”.

It is requested to confirm that the subscription price for years 1-5 after implementation is in addition to that amount.

Based on the statement in the invitation, it would make sense that the 249,304,935 is for the implementation period only, as 2026 is currently budgeted.

CLARIFICATION

The amount of AMD 249,304,935 indicated on page 19 of the appendix 1 of the RFP is the amount budgeted for the current fiscal year. As CBA’s budget is approved on an annual basis and costs are

recognized in accordance with IFRS, this amount reflects the costs planned to be recognized during the current fiscal year, in which the main implementation of the Project is foreseen.

At the same time, the procurement scope under the RFP also includes post-implementation costs for the subsequent five (5) years. Therefore, bidders are required to submit pricing for the full scope of procurement, including the post-implementation period, in accordance with the RFP.

Accordingly, the amount of AMD 249,304,935 does not include the post-implementation subscription / support / maintenance costs for years 1–5.

Allocation of budget for future fiscal years is subject to the relevant approval process, and the respective clause in the RFP should be understood in that context.

Also, should be noted that Financial Proposal is submitted strictly in the structure and format set out in Appendix 3, and the breakdown of costs according to Appendix 3.1, and Appendix 3.2 of the RFP, without omissions or deviations.
